THE DAILY SENTINEL.

RUFUS KING & WM H WATSON,
PROPRIETORS,
Under the Name and Firm of Rufus King & Co.

MILWAUKEE.
Monday Morning, Apr. 7, 1856.

From Our New York Correspondent.

NEW YORK, March 31st

I congratulate you and all the lovers of Constitutional Freedom and of the integrity of the ballot box on the result of the contest in your State for the office of Governor The Supreme Court of Wisconsin has confirmed by the decision in question, and by the care with which every step was taken, and all appearance, even, of haste or hurry was avoided, a foregone conclusion was shut out—the respect entertained for them by all the intelligent in the Union who have followed the process and who had previously approved them in the assertion of the true doctrine of State Rights in the case of the conflicting jurisdiction between that Court and the District Court of the United States While Law is thus manfully and calmly declared, and the general assent, in spite of feverish factious efforts, of the popular will and judgment, sustains such declaration our institutions are safe our hopes for the future undimmed But is it possible that your Attorney General is to escape without some *brand* that shall mark his scandalous conduct indelibly for all? I have apprehended the facts rightly, he seems to me to be placed in a most unenviable position here, as Attorney General he claims and insists upon the right, as exclusive in his office, of conducting the prosecution against the holder of the fraudulent certificate and in so doing seeks to give it a shape which will render it as little formidable as possible to the defendant whom his sworn duty as Attorney General nevertheless requires him to convict if to be done by a lawful exertion And next when the ruling of the Court upon preliminary and incidental points seemed to indicate the certainty that the wrong it was doing there had been no ability to inquire into and exposed this Attorney General was in the name of the outraged people, whose official guardian *ad hoc* he is—on regard in them most precious right, that of choosing their own Governor—to dismiss the suit and to withdraw from Court Happily that Court understood well what belongs to its own power duties and dignity, to permit so flagrant a wrong and although it could not compel the Attorney General to appear in behalf of the People, they could and did allow the counsel for the contestant to carry the suit to its proper issue and then to make good the right Mr Attorney General Smith has therefore dishonored himself and his noble profession in vain by this so far as I know, unparalelled attempt in our annals to screen a public criminal for a great wrong by interposing what he named as his official prerogative to direct a suit instituted by him in the name of the People If the acts be as here assumed—and certainly I suppose them to be accurately and fairly stated—there should be some process by which such delinquency can be reached and punished—but if not it should be put upon record by every independent press throughout the State that neither a whole court should be tempted to like sacrifice of right to fiction and to mark indelibly the malefactor

We have here, on this last day of March bright sunshine after a night of intense cold March has been rigorous throughout its whole course and there are frequent aspirations after warmer weather and *fresh shad*—now over one in our waters ever since St Patrick's day—greatly mar of the arrival of the pioneers of the countless hosts that bring life to our rivers and to the dwellers on their banks The weathermaker plates spring and such continuous cold weather portend quick and abundant vegetation when the earth is unlocked and has received in it soon the precious seeds—and certainly all desire very much milder skies and the glories of Leopoming year

From Europe such succeeding account seems to make the prospect of peace more certain— it is as to money and stock market the same as I do not perceive how that event, when it does occur is to produce any marked effect The demand for breadstuffs will still continue I feel assured, for the present year and possibly longer, and the farmer with us will be sure of abundant reward for his labors

Concerning the *Prairie*, hope is—in all hearts of parents and wives, where it shall be immortal—carried and no trace, probably of that ill fated ship, more than of the Pre dent many years ago, will ever be given up till the sea shall finally render up its secrets at the great day It has been a dreadful winter on the sea and will long be memorable by many a dear home

WESTERN STOCKS AND BONDS —The New York *Ledger* of Wednesday in its money article says

A purchase of 200 shares Wisconsin Land was made on an order from Baltimore at 70 buyer 30 The road is now doing a large business being the only avenue by which the whole North and Western portions of Wisconsin can reach the East A dividend of 5 per cent in cash is promised in July

The same paper has the following in relation to the La Crosse and Milwaukee Railroad

The Milwaukee and La Crosse Railroad Company concluded on Saturday a contract with Messrs Chamberlain & Alden for the completion of their road from Beaver Dam to Portage City a distance of thirty three miles, to be finished by the 1st of December next The means for the extension are all provided Messrs Chamberlain & Alden are among our most wealthy and respectable contractors, and their ability to fulfill their contract they have made to stand abroad as well as in Portage City will be a guarantee that the work will be pushed forward to La Crosse on the Mississippi River as rapidly as practicable When completed, it will probably take and among the most profitable of the Western roads

We also copy from the *Tribune* the following notice of two failures to pay accruing interest

The Coupons on the 1st Mortgage Bonds of the Chicago and Mississippi Road due to day were not paid, but it is believed the delay will only be temporary The 1st mortgage bonds are $2,000 000 and the friends of the road think enough, will intervene The Coupons on the other Western road which were extended to the large holder and which were to be redeemed to-day, have not been met

CONTRACTORS ON THE LA CROSSE RAILROAD On Friday afternoon there were two sets of contractions placed upon the La Crosse Rail Road between Cedar Creek and Richfield they were both seen, the first not in time to stop the train before it had passed over it, but so slowly that no damage was done The other about half a mile further on was seen in time to stop the train Either one of them would have thrown the cars from the track Obstructions on this road have been frequent but the engineers are on the look out and as the case no trains running in the night the danger is much lessened

A LINE OF STEAMERS FOR THE UPPER LAKES —We learn from the Buffalo papers of Thursday that a line of steamers is to be placed on the route between Buffalo and Chicago during the coming season, by Chas M Reed The *Niagara, Iowa, Queen City* and *Key Stone State* are the boats which were on the Collingwood Route last year, will form the line J C Harrison, Esq, who is well known as the agent of the elegant steamers *Crescent City* and *Queen of the West*, will have charge of the above

ANOTHER POPULAR EXPRESSION —The Madison *Journal* says that the Hon A A Henrington, of Dane County, one of the few Democrats in the Assembly who repudiated the Barstow treason, has just been elected Supervisor of York, the town in which he lives, receiving 100 out of the 111 votes cast!

WISCONSIN STATE AGRICULTURAL SOCIETY —The next—sixth Annual Fair will be held in this city on the 8th, 9th and 10th days of October

Letter from the Country.

HARTFORD, HORICON, BEAVER DAM, &C

MESSRS EDITORS —I left your beautiful city a few days since on my way from the East with the intention of following pretty much the line of the La Crosse Road, and examining the Villages and country along the route The Road itself is a monument of the enterprise and industry of those who have had it in charge A great part of the work has been accomplished during the past winter, amid all the disadvantages of deep frost and severe cold weather Everything about it appears to be well systematized They run very close to time, have very fine rolling stock and gentlemanly conductors The first village of any note that I reached was Hartford, a small town with a good water power, situated in the midst of a heavily timbered country From Hartford I proceeded the next day to Horicon. From the State Geologist's report of the Iron Ridge County, and from what I have learned through individuals, I should judge that a splendid opening is here afforded to some of our eastern capitalists for the production of superior Rail Road Iron in unlimited quantities English capitalists could not compete with an establishment of the kind, located in the West, and the great bulk of Railroading is to be done hereafter west of Lake Michigan

Horicon is a pretty little village with a good water power, which might be used to more advantage by an outlay of twenty five or thirty thousand dollars The location of the place is somewhat unfavorable, on account of the bluffy nature of the country The timber and prairie regions join about three miles west of Horicon They have a good hotel here, and a beautiful Lake, which in summer must be something of an attraction

From Horicon I took the cars to Smith's Corners, and then staged it 14 miles to Beaver Dam City

This town enjoys a fine reputation throughout the Eastern States for its water power, schools and churches The city contains 3500 inhabitants and exhibits an almost fabulous amount of building Nothing but brick houses are to be seen in every direction Twenty five stores I am told are under contract here and no less than 60 buildings are now under way The water power is not only superior to anything I have yet seen in Wisconsin It is used five times and is distributed to the first three owners in going directly in the city limits

Two splendid looming mills a large woolen factory also several saw mills, planing machines &c are worked by these powers These water-powers afford a permanent basis for a manufacturing village, and in these flourishing times it will take but a very few years to make a large inland city of this place Their Depot is a noble structure, which I hear already cost over six thousand dollars and accommodates a press of not only 300 scholars Three large hotels are under way, or shortly to be built here Mr J Stevens, of Capital House and Madison celebrity, has lately become interested here, and intends immediately putting a stone hotel 10 feet front four stories high, and eighty feet deep His at present keeping Congress Hall on the old stand and will give it a small attention to the comforts and wants of travellers

A large amount of building is going on about the La Crosse Depot grounds in this city and heavy sales of Real Estate are making in that neighborhood

City lots are selling low, compared with prices in other places but there is no doubt but that in the Real Estate market and the demand of strangers that are making purchases argue well for the future growth of the place My next trip is to Portage City and La Crosse from which latter point I shall write again

Yours truly

A V

Our Contested Governorship.

As a specimen of the absurd manner in which some of our exchanges discussed the subject of the late mandate from the Supreme Court we copy the following from the Dubuque *Express*

Governor Barstow having been duly elected by the Legislature of this State the authority vested by the Constitution of Wisconsin, for the purpose of canvassing the returns of Gubernatorial elections was unwilling to be ousted from office by a bolt having no jurisdiction in the matter whatever, with action from partisan motives

The Supreme Court Judges are elected by the Legislature—are subject to impeachment by the Legislature and can in no case reverse the decision of the Legislature in the case, than that can exercise a decision of that body in case of impeachment and removal of one of their own members

If the Legislature has decided erroneously we do not see that there is any law of reading

The errors included in the above paragraph are manifest Our Legislature has nothing to do with declaring Governors elected—but the Constitution provides that the Secretary of State Atty General and State Treasurer shall count the legal returns and give a certificate of the result The Courts of the State organized to provide a remedy for wrongs, enquire only as to who was elected by the legal vote

The Judges are *not* elected by the Legislature but by the people and they have no ability to find a remedy for wrongs, enquire only as to who was elected by the people and they have no power to decide duly required of them by the people The operations of law and justice have calmly and quietly gone forward and braggart nonsense has submitted at last

Wisconsin Railroads.

We find in the Detroit *Free Press* the following paragraph

RAILROADS IN WISCONSIN —The State of Wisconsin eleven railroads in Wisconsin the length of which when completed will be 1 5 miles 13 miles are now finished

The number of miles completed and under way is nearly correct this amount will be increased by the 1st of January next to about 22 miles As to the "number of Railroad," there are within the State some sixteen companies which have either a greater or less distance now operated daily, or have broken ground and are at work in construction and these companies are all united for an aggregate distance of some 2 000 mile The number of *charters* however, is known many expiring yearly from non user, the time limited for organization having expired

Milwaukee & Lake Superior Railroad

At a meeting, of the stockholders of the Milwaukee and Superior Rail Road Company, held April 5th 56 the following gentlemen were elected Directors for the ensuing year

Herman Haerter E Button, D P Hull, C R Alton, John White, George Reed and Joshua Stark

At a subsequent meeting of the Board of Directors, the following officers were elected viz

C R ALTON, President
H HARRITT Vice President
M K WHITE Secretary
H W JAMES Treasurer
JOSHUA STARK, Attorney

The company is organized for efficient action, and will doubtless proceed at once with its arrangements for building the road along the shore of Lake Michigan northward to Green Bay and Lake Superior This is destined to be one of the most profitable of roads, both to stockholders and to the city

NEW COUNTY —A new county has been formed by three lines of townships from the North end of Polk County, and two lines of townships from the South end of Douglas Co The name of the new county is Barnett, its county seat is on the N E quarter of section 21 town 41, range 15 W at the village called Gordon

MILWAUKEE & BELOIT RAILROAD —The people of Elkhorn and Delavan Walworth Co, have lately held meetings testifying their interest in this project, so important to them and to us There is considerable rivalry between these sister towns, and a handsome subscription and hearty cooperation will be forthcoming from each to push the work ahead Success to it, say we all

State Agricultural Fair.

STATE AGRICULTURAL FAIR —The Fair of the State is to be held in this city on the 8th 9th and 10th of October next Full particulars, premium lists &c are to be found in the April number of the Western Farmer (which every Wisconsin farmer ought to take)

HAPPY DURKEE of Kenosha County, is the President of the Society this year, and Mr G C Tiffany continues to act as Secretary

RAIL ROAD BALL AT WAUPUN —There will be a ball and Ball at Waupun, on the 9th of April given by a number of the employees of the Mil and Horicon Railroad A large number of tickets have already been issued Parties can leave this city in the afternoon, and after enjoying the Ball at Waupun, be back by noon the next day

CHILD KILLED A man named John Carson, was arrested in Waupun, on Thursday last, on a charge of killing his infant child, but a few days old On Friday the matter was examined and Carson discharged it appearing that the prisoner came home *drunk* and sat down upon the infant that had been laid in the chair by its mother thus smothering it to death

WAR EXPENSES —The Chancellor of the British Exchequer, in a statement made to Parliament, estimates the cost of the two years war with Russia at £48,564 000, or about $200,000 000 Add to this sum equal amounts for France and Russia and Turkey, and we have a total of $800,000 000 It will take, perhaps, one thousand million of dollars to pay the expenses of the war

☞ The Portland, Me, papers say that by the end of this year there will be a continuous line of railroad from that place to Iowa City, a distance of 1206 miles, making the long at line of railroads on the globe

To Farmers.

The question is of cheap bread for the working man and whether there will be a good supply of beef depend upon how the people plant corn

If pork next fall should sell at high, those who have it to sell may think it a prosperous time for them, but it will be more so if the people generally have planted corn It is no time to be meagre that if all did so the price would be ruinously low No country ever was ruined by cheap bread

We adjure you therefore every man of you that owns an acre of soil to plant corn—in the English acceptation of the word, anything that will make bread—but more particularly to certain you to plant maize or Indian corn We ask it for the good of the country—for the benefit of the farmer Is there a man living who took our advice and increased his crop last Spring and who has since had a moment of regret that he did so If he has, he deeply benefited country has not The people return thanks to God for a bounteous crop Without it, what would those who buy bread have done in all this terrible winter?

Last Spring a general effort was made to increase the product of the land Heaven smiled upon it and the people were made glad I see it was cause then—there is cause now—that the people should plant corn—more than was planted last year, for nowhere are the granaries full now here is there a surplus laid up against a fruitful year, and without such a plan no country can be independent no people prosperous and happy Let them plant corn

We have had a winter of severity such as the oldest who are most able to work have never known before, and may never know again But that is not certain, the next may be one of still greater severity, and if so what a demand there will be for grain—the poor will cry for bread Let the farmers plant corn

Owing to the fact that the ground has been covered with snow for many weeks, and that snow is an absorbent of fertilizing elements for the earth we have reason to believe that this will be a great gain in producing season Let the people plant corn

Not a minute to be lost We know that the ground is still frozen—that the snows of January still lunge on the surface but, we repeat not a minute is to be lost for upon preparation, for immediate, more than last year to plant corn

Let it not be argued that the price of corn is falling—it is still large remunerative while all its products are equally so Look at the prices that farmers have realized for beef and pork, if the gh the latter has fallen it is still above the point of profit to the maker. There is no hope for pork that the beef will fall below ten cents a pound on the hoof for all that is consumed during the year All that it will pay to plant corn

There is pressing need now as never before for a great or greatest than that of last year and we must have it if those who are to live at the hill bear in mind the burden of taxes to pay and urge upon all with them to have an influence to plant corn—plant more than you intended—more than you did last year, for who one grain one hill one row one rood or acre, one field—still let your motto be that which begins and ends this appeal—PLANT CORN —*N Y Tribune April 1*

Spontaneous Ratification Meeting at Lancaster.

On receipt of the news at Lancaster on Thursday last that Dashford has at last taken his seat as Governor, to which office the people had elected him by a good round majority—but which office he now temporarily elected out by force a test sort of perjury forgery and fraud The people in spontaneous mass met at the Court house and called that old veteran soldier, L O Shaler Esq to the chair, (sorry he can't afford a military title) and elected Mr J B Collis, Secretary a Committee on resolutions was appointed who retired a few minutes—then came in and presented appropriate resolutions, which the meeting adopted, with the exceptions of the Supreme Court, Dashford and Pump Carpenter! Not having any cannon in Lancaster wherewith to shoot every body went off with a thundering noise by way of adjournment —*Grant County Herald*

The State University—Exhibition of the Junior Class.

The second term of the State University, for the current year, closed on Wednesday of the present week An exhibition of a portion of the junior class took place at the Methodist Church on Wednesday evening consisting of original orations That by Mr John L Smith on Self Dependence displayed the greatest vigor of thought, and was delivered in the most natural and forcible manner The oration by Mr C M Fairchild on the "Dyas Tree was well written although a little too ambitious in style The same defect was noticeable in his manner and pronounciation It was a little overdone, but this is a fault that may be easily remedied Mr Richard W Hubbell recited an original poem of considerable length respecting "Joan of Arc," exhibiting a good deal of imagination and poetical talent The oration on "The Revolution of 1688" by Mr John Slaughter would have been well delivered if it had been properly committed, and showed that the writer, though quite youthful has been turning the pages of Macaulay's new volumes The exhibition as a whole was very creditable, and spoke well for the discipline of the Institution

The third and last term of the present year commences on Wednesday the 23d day of the present month —*Madison Journal*

ENTRIES AT THE HUDSON LAND OFFICE —A few weeks since we made a statement that 200 000 acres of land were sold at the Land office in this village during the year 1855 We should have stated that the above amount was entered by cash, and in addition, about 200,000 by land warrants making an aggregate of 400,000 acres.

We learn from the register that the amount sold from July 1 t 1855, to January 1st 1856 was 230,771 acres for which was received in cash $141,267 17 in warrants $115,873 and making the aggregate receipts of the office, $257,142 14 —*Hudson North Star*

NAVIGATION OPEN ON LAKE ONTARIO —The Rochester Union of the 31st ult say The steamer Highlander Capt McBride, left this port at 8 o'clock yesterday morning, for Cobourg and is the immediate ports to Toronto The steamer had no difficulty in getting out of the harbor at Charlotte, and no ice could be seen in the lake she no doubt reached Cobourg by noon and Toronto this evening The Highlander is the first boat out of any port Lake Ontario this spring —except the Niagara and Toronto boat which runs all winter The Highlander took about fifty passengers and some freight. We hear from from the other shore that the ports are all clear of ice, and of course no difficulty need be apprehended about an immediate resumption of navigation

☞ The Madison Argus and Democrat expands a column or more in *schedule* of the evasions made by the Supreme Court on the contest of Governorship Better meet and rebut it if possible ☞ and have as little to say about town as Range 10 as possible —*Stevens Pt Pinery den*

AFFRAY AT BUENA VISTA —On the 21st inst a serious fight occurred at the Buena Vista House, in which several parties were engaged Two brothers named Aldrich commenced a row with Bowen, the keeper of the House, who being likely done to, called Mr Kollock to his assistance One of the assailants received a blow in the head, which settled the dispute for the time, and it is thought will prove fatal —*Stevens Pt Pinery*

Town Election.

Glorious Republican Triumph

Our town election was held last Tuesday and resulted in a glorious triumph for Republicanism. Every possible effort was invented by the Nebraska and Anti Catholic leaders to distract and divide the Republican All this gammon failed of its purpose The Republicans true to principle, individual to duty stood together and well did not by the cause They have our hearty thanks for the fidelity and will have the gratulations and thanks of the party everywhere —*Boston Journal*

The average vote was, Republican 240 Democratic 210. Rep ticket majority 240!

Wall door Newark! Eighty seven votes were cast in this city town on Tuesday for the Republican and Democratic tickets for town officers Democratic ticket NONE —*Ib*

SALE OF FORT HOWARD —We saw a letter a few days ago written by Senator DURKEE to Col Jones of this place saying that the Secretary of War JEFF DAVIS, had stated it to be his intention to offer the Fort Howard Reservation for sale during the coming summer When such a sale takes place it will be a peremptory one, to the highest bidder

We cannot overvalue the benefits of this section of the sale of this desirable property Its being distributed into private hands and consequent improvement, will give an impulse to the growth of Green Bay and Howard which will be felt at once —*Green Bay Advocate*

CITY ELECTION —The election, on Tuesday, for city officers, passed off very quietly There was no strictly party nominations made, which was the cause of putting a great many tickets in the field and having the whole matter open for a free fight There was, however, but two candidates for Mayor, Messrs Baird and Eastman both whigs, and for this office there was a spirited contest. The Aldermen and other officers are about equally divided between Democrats and Whigs

Mayor—Eugene Eastman
Treasurer—H H Albright
School Superintendent—O E Comne —*Green Bay Advocate.*

HOW THEY COME —Wednesday of this week Eighty passengers arrived in this town from Milwaukee via the La Crosse and Horicon Railroad Four Stage Coaches, and eight or nine Livery Teams brought them from Waupun Let them come, there is room enough —*Rupon Spier*

BY THE NEW YORK EXHIBITION TO THE English or Foreign Sauce Manufacturers has been obtained amongst numerous competitors by LEA & PERRINS, for their

WORCESTERSHIRE SAUCE

whereby our late testimony is afforded of its being at least equal to the most celebrated Sauce extant

The celebrity of this Sauce has extended to every quarter of the globe and its efficacy in promoting the general health is become daily more observed and acknowledged

In the United States it is held to be the most greenable accompaniment, and is esteemed for its tonic and invigorating properties, its habitual use enabling the stomach to digest the food

On the Continent of Europe, these qualities have been tested for it by a gentleman who writes to LEA & PERRINS thus I have carried a bottle of your Worcestershire Sauce in a tour I have just completed through Spain and Portugal, and believe I owe my present state of health to its use your Sauce is stomachic, and I think must be known as your Sauce

In India also where it is found at the mess of every regiment a medical gentleman writes from Madras [illegible] brother in the same profession at Worcester in the following terms Tell Lea & Perrins that their Sauce is highly approved in India and that it is, in my opinion, the most palatable as well as the most wholesome Sauce made

This Sauce must be table for every variety of dish to which it is in general demand which its several uses has created has led to many imitations being offered to the public, under a variety of names, but the genuine may be known by the names of LEA & PERRINS being impressed upon the patent metallic capsules or patent glass stoppers of the bottles as well as the labels and wrapper

CITY MATTERS.

Closing of the Mails.

THE PUBLIC are notified that the Mails for the North, South, East and West close at 10 P. M.; and for Madison, Watertown, Whitewater and the East and South, at 1 P. M. J. A. NOONAN, P. M.

Milwaukee, March 27. mar28-3t

SALE.—Lot 1, Block 10 on the 4th, formerly 1st Ward, will be sold this afternoon at 3 o'clock, on the premises, to suit purchaser.

COMMON COUNCIL PROCEEDING'.—A special meeting of the Common Council, to canvass the election returns, was held Friday evening. The returns from the several Wards were opened and examined, the result declared, and Monday next, the 14th inst., fixed upon as the day for the inauguration of the new City Government. A vote of thanks was adopted to the retiring City Attorney, Mr. Foote, for his faithful services. Sundry accounts were allowed; among others, $359 to Caleb Harrison, for repairs on Spring Street and Walker's Point Bridges, and $634 to the City Attorney, for balance of salary to April 1. On motion of Alderman Mallory, the present election of Chief Engineer and Assistants by the Fire Departments, was *confirmed*. The Board then adjourned until this, Monday, evening.

RIFLE PRESENTATION.—There was quite a gathering of the craft in the *Sentinel* Counting Room, Saturday evening, to witness the presentation of a Milwaukee Rifle to Mr. E. G. Ross, Foreman in the Job Office, who intends starting for Kansas in the coming month of May. The rifle is a capital one, and in point of efficiency will, we think, be found quite equal to Sharpe's. A silver plate on the stock of the rifle contains the following inscription:

"Presented to E. G. Ross by his comrades in the Milwaukee *Sentinel* Office as a mark of their personal regard and an earnest of their good wishes on

FREEDOM IN KANSAS"

Milwaukee, April 5th, 1856.

The rifle was presented by Mr. A. H. Bosman, in the name of his associates, with a few brief and pertinent remarks, to which Mr. Ross made a feeling and appropriate reply. Mr. S. M. Bevan followed in a neat little speech of compliment and congratulation to Mr. Ross, and then, with three hearty cheers for Mr. R., the meeting broke up.

WHO THEY WERE.—A party of some 75 men passed up East Water Street, in a straggling procession, one day last week. Many of them had arms, most of them had a playing card stuck in the front of their hats, and all carried traps of some sort. A dray load of luggage accompanied them. They were rather a rough looking set and their appearance excited curiosity and gave rise to sundry speculations. A democratic wag started the story that they were a party of emigrants, just resting out for Kansas, "to extend the area of Freedom," and got up a good laugh on the strength of it. But this story was soon run down by another and more plausible one, which set the street on a broad grin, that it was the famous battalion from Spring Creek, Bridge Creek, Gilbert's Mills, &c., come down to assist in Mr. Barstow in his usurped authority, and disgusted to learn that they were too late. Finally, it came out that the strangers were a party of Lumbermen on their way to the Pineries, *viâ*, the La Crosse and Milwaukee Rail Road.

NAVIGATION—THE RIVER, &c.—The river was entirely free from ice yesterday, except a little above Walker's Point Bridge, where it had gathered in the bend of the river; there was nothing to impede navigation.

On Saturday night the Brig Pike and the schooner Undine left for Manitowoc, the Robert Campbell for Port Washington. Yesterday and this morning the following vessels were to leave; the Emma for Two Rivers, Mariner and Farmer for Sheboygan, Juniatta Patton, Nebraska, Albany, Kirk White and Stronach for Chicago and other ports on this side the Lake. Several small craft arrived yesterday with lumber, &c.

PARADE OF THE LIGHT GUARD.—The Milwaukee Light Guard turned out between 60 and 70 strong Saturday afternoon, and to the inspiring music of their drums and fifes, marched through the principal streets of our city, drawing after them crowds of spectators and electing on all sides very flattering compliments by their soldierly bearing, neat dress and excellent marching.

PAPER HANGINGS.—Attention is invited to the advertisement of Messrs. FAXON & CROSBY, 214 Wisconsin Street who are prepared to fill all orders for Papering rooms, offices, stores, &c., on the shortest notice, and in the most approved style. These gentlemen have done a great deal of decorative work about town, in a style hitherto unequalled here, and not easily surpassed anywhere. We cordially wish them success.

CUT OUT.—The staunch little tug *Gordon Grant* cut her way, on Saturday, out of the ice where she she has wintered, among half a dozen large schooners, and went whistling down the river. Navigation is fairly opened for the season.

NEW BOOKS.—WILSON has just received a new supply of late publications, for a list of which see advertisement; We are indebted to him for "Alison's History of Europe," "Men and Things of the Revolution," and "Legion, or Feigned Excuses," which we shall notice soon.

CITY LAND OFFICE.—The sales of Real Estate for the last week amount to One Hundred and One Thousand, Five Hundred and Seventy Dollars. There are other negotiations going on, which probably will be closed up in a few days, amounting to about Three Hundred Thousand Dollars.

Real Estate is much more active, and will continue to be more and more so, as the increase of emigration to our city is causing a great demand for all description of property. There is more inquiry now for Farming Lands than there has been for several months past. If the emigration continues as it has been for the last few days, our city will be thronged with purchasers for all descriptions of property. To give an idea of the travel to our city, the Lake Shore Rail Road is overrun with business.

We are somewhat short of stores, but that will be remedied in four or five months. There are now, to my knowledge, some thirty large and new style Brick Stores under way. The amount of building in our city, this year, will be immense.

The first of May will soon be here, and then comes a general moving all over the city.

I would say to those who have not yet secured themselves a house, to be about it. I have several very fine ones left with me which will be sold on reasonable terms and possession given May 1st.

The great sale of Plankinton's Addition, comes off on Tuesday week, April 15th, at my store. Lot every one be prepared for the sale; it commences at 10 o'clock, and continues from day to day.

KEEP COOL.—MESSRS. KROEGER & RATTINGER, have provided themselves with a large supply of the best of ice, are on hand with their advertisement to-day. A perusal of it will give necessary information.

☞ H. SPAAN, at the last Ward Market House, is on hand with an early supply of Seeds, Dutch bulbs &c., &c., to which he invites attention. SPAAN is himself a Dutchman, of the regular Van Tromp sort, and is ready every time. He chewed us on Saturday, cucumbers three inches long.

[Advertisement.]

A PERFUMED BREATH.—What lady or gentleman would remain under the curse of a disagreeable breath, when, by using the "*Balm of a Thousand Flowers*" as a dentrifice, would not only render it sweet but leave the teeth white as alabaster? Many persons do not know their breath is bad, and the subject is so delicate their friends will never mention it. Pour a single drop of the "Balm" on your tooth-brush and wash the teeth night and morning. A fifty cent bottle will last a year.

A BEAUTIFUL COMPLEXION may easily be acquired by using the "*Balm of a Thousand Flowers*." It will remove *tan, pimples* and *freckles* from the skin, leaving it of a soft and roseate hue. Wet a towel, pour on two or three drops, and wash the face night and morning.

SHAVING MADE EASY.—Wet your shaving-brush in either warm or cold water, pour on two or three drops of "Balm of a Thousand Flowers," rub the beard well and it will make a beautiful soft lather much facilitating the operation of shaving. Price only fifty Cents. FETRIDGE & Co., proprietors, N. York, and for sale by all druggists.
